

**ECONOMIC DEVELOPMENT FOR A GROWING ECONOMY (EDGE) PROGRAM
PROJECTS STATUS REPORT THROUGH 2005**

INDIANA ECONOMIC DEVELOPMENT CORPORATION

The Indiana Economic Development Corporation (IEDC), which replaced the Indiana Department of Commerce (IDOC), presents the 2005 annual report for the State of Indiana's Economic Development for a Growing Economy (EDGE) tax credit program, required under I.C. 6-3.1-13-23. The EDGE program was introduced in the 1993 Indiana General Assembly and signed into law by Governor Bayh on February 28, 1994. The EDGE program provides the State of Indiana with a tool for competing with other states nationwide in the attraction of new employment opportunities. The EDGE program is "performance-based"; EDGE tax credit recipients must generate net new jobs and payroll withholdings for Indiana residents in order to capture offsetting EDGE tax credits, which are applied against the recipient's Indiana corporate income tax liability. This report presents the status of EDGE tax credit projects, with the 2005 approved projects listed first. A reconciliation of EDGE tax credits available versus those certified is provided on the final page of this report. Questions regarding this report should be directed to IEDC's Director of Development Finance, Terri Van Zant, at (317) 232-8827.

EDGE CREDITS AWARDED AND CERTIFIED TO DATE

As of December 31, 2005, two hundred twenty-one (221) projects have been approved. There are sixteen (16) projects in which the company has either discontinued operations or decided not to pursue the EDGE tax credit award. These sixteen (16) projects have been excluded from the total EDGE Credits Available.

IEDC certified 2005 EDGE credits for annual reports received as of the submission deadline of February 14, 2005. Reports received after the deadline will be certified in the order in which they were received, and the companies will be able to claim 2005 tax credits in the amount certified. When an EDGE tax credit recipient fails to file an annual report for tax credit certification, IEDC follows a procedure of notifying the recipient, in writing, that the annual report is overdue. Failure to file the required annual report for tax credit certification may result in forfeiture of such tax credits by the recipient.

The annual report also includes companies approved who are in the process of agreement. Those companies will not have EDGE credits certified, but will have EDGE credits available.
